1 Examples

Here is an example of the **gb4e** package.¹ See also the **Examples** file at In-Progress.

- (1) Here is one.
- (2) * Here another is.
- (3) Here are some with judgements.
 - a. A grammatical sentence am I.
 - b. * A ungrammatical sentence is you.
 - c. ?? A dubious sentence is she.
 - d. i. ** Need one a second embedding?
 - ii. % sometime.
 - e. Dare to judge me!
- (4) This concludes the demonstration.

There are also other examples from, e.g., ?'s (?) book.

¹This package is not compatible with the **linguex** and **graphicx** packages. Nor is it compatible with, for some reason, the **colorlinks=true** parameter for **hypertext**
